✅ Hugging Face Datasets imported successfully

```
# Example: Load the 'opus100' dataset (parallel corpus for translation)
dataset = load_dataset("opus100", "en-fr")
```

```
# Show a sample
print(dataset['train'][0])
```

```
/usr/local/lib/python3.12/dist-packages/huggingface_hub/utils/_auth.py:94: UserWarning:
The secret `HF_TOKEN` does not exist in your Colab secrets.
To authenticate with the Hugging Face Hub, create a token in your settings tab (https://huggingface.co/settings/tokens)
You will be able to reuse this secret in all of your notebooks.
Please note that authentication is recommended but still optional to access public models or datasets.
